I'd hate to break it to you now
But that reoccurring sound
In your ear makes it perfect
Was it clear, my whole purpose?

I'm just fine with or without
Having this inner selfish doubt
I'll fall hard, you'll fall harder
I'm along, you're too startled

Break a sweat, desperate lover
Do you feel all alone?

I fell asleep on your death bed
In a hole in your headrest
I'm facing truths so unfamiliar
I just close my eyes

And fall asleep on your deathbed
Can we be resurrected?
I'm facing truths so unfamiliar
I'm your saint, will you be my savior?

I always hoped to bring this down
Words exchanging all around
You spoke quick, I spoke faster
Take your pick, take mine after

But the time went ticking
And hearts went missing

It's not what I waited on

Break a sweat, desperate lover
Do you feel all alone?

I fell asleep on your death bed
In a hole in your headrest
I'm facing truths so unfamiliar
I just close my eyes

And fall asleep on your deathbed

Can we be resurrected?
I'm facing truths so unfamiliar
I'm your saint, will you be my savior?
Will you be my savior?

We both agreed that this was best
But I can't risk to lose my rest
I closed my eyes now you're well on your way

I bend and fold at your request
Now it's my time to take a step
I closed my eyes now you're well on your way

I fell asleep on your death bed
In hole in your headrest
I'm facing truths so unfamiliar
I just close my eyes

And fall asleep on your deathbed
Can we be resurrected?
I'm facing truths so unfamiliar
I'm your saint, will you be my savior?
