I'm dreaming of 20 degrees colder
Brushing snow off of my shoulder,
But there's none of that in sight.
No need for wrapping chains around my tires
No roasting over open fires
Cause it's warm enough tonight

I wouldn't change a thing for my sunlight
I wanna burn this December...

It's a red hot Christmas in Florida this year
I got my wish listed clear
I wanna burn
In this red hot Christmas in Florida this year
I swear summer is here
You can't stop my holiday cheer

Won't you light me up just like a roman candle
Cause there's nothing I can handle
In a winter wonderland
Warm me up without the dials on the heater
Yeah, I'm coming home to see her
And I hope to God it's warm enough tonight

I wouldn't trade a thing for my sunlight
I wanna burn

It's a red hot Christmas in Florida this year
I got my wish listed clear
I wanna burn
In this red hot Christmas in Florida this year
I swear summer is here
You can't stop my holiday cheer

(All I want for Christmas is heat)
So, light me up
And warm me down
When I get home
I hope to God it's
Warm enough tonight

It's a red hot Christmas this year
