I ain't seen no lipstick on your collar  
No number written on the dollar bill  
But I can't help but wonder where you've been tonight  
And I can't shape the way it makes me feel.

I ain't found no proof, but I won't play the fool  
I won't stand by and watch you do me wrong.  
You can lie one more lie,  
But one day I'll know where you go  
When you don't come home.

Are you drinking? Are you gambling?  
Have you found another woman?  
These questions keep on running through my mind.  
All this time together, I trusted you completely  
I'd never thought you were the cheating kind.

Yeah, I ain't found no proof, but I won't play the fool  
I won't stand by and watch you do me wrong.  
You can lie one more lie,  
But one day I'll know where you go  
When you don't come home.

It's 2 am and I am all out of worry  
And here you come a-speaking up the drive.  
I'll only ask you once where you been tonight  
You can tell the truth to me or this 45.  
Yeah!

I ain't found no proof, but I won't play the fool  
I won't stand by and watch you do me wrong.  
You can lie one more lie,  
But one day I'll know where you go  
When you don't come home.  
Where do you go when you don't come home.
