Please can you tell me?
Is this how it's supposed to feel?
Please can you help me?
I'm all messed up and set to kill

[[Verse One]]

Hearts on fire,
The heavy flames of Regret
No ones desire,
Can end in this i bet.
My trust was given
In heart print paper to you
My Mind was driven
How can it be you're untrue

[[Bridge]]

And do we love to find that really
The outcome will be hate
And do we live all our lives thinking
That love comes out of fate

[[chorus]]

Well now I'm on my knees
And I'm screaming at the sky
Hate's a four letter word
Love's a four letter lie
Well now you've truly stabbed the knife
And the pain is in my back
Don't apologize to me when
Self respect is what you lack

[[Verse 2]]

The Secrets hidden
Under the sheets of your bed
Am I'm forbidden
To contemplate in my head
You must be lying
That's not my lipstick on you
Come on I'm dying
To hear your cover up too

[[Bridge]]

And do we love to find that really
The outcome will be hate
And do we live all our lives thinking
That we'll never be a state

[[Chorus]]

Well now I'm on my knees
And I'm screaming at the sky
Hate's a four letter word
Love's a four letter lie
Well now you've truly stabbed the knife
And the pain is in my back
Don't apologize to me
decency is what you lack

[[Verse 3]]

You've been out spoken
The truth will weigh you down
Accept this token
Get out, leave this town
My angers burning
I think its time to let go
But babe I'm learning
Its not so hard to say no

[[Chorus]]

Well now I'm on my knees
And I'm screaming at the sky
Hate's a four letter word
Love's a four letter lie
Well now you've truly stabbed the knife
And the pain is in my back
Don't apologize to me when
Honesty is what you lack

I'm on my knees
Isn't this just what you want
Hate's a four letter word
Love's a four letter taunt
And if you dare ask me back
A Simple no is what you'll get
There's just so much you lack
A chance with me you can forget

[[Guitar solo]]

And do we love to find that really
The outcome isn't great
And do we live all our lives thinking

we should give what we can take

[[Spoken]]

Well now I'm on my knees

And I'm screaming at the sky

Hate's a four letter word

And your love was such a lie.
