What the world needs now is love, sweet love  
It's the only thing that there's just too little of  
What the world needs now is love, sweet love  
No, not just for some but for everyone

Lord, we don't need another mountain  
There are mountains and hillsides enough to climb  
There are oceans and rivers enough to cross  
Enough to last till the end of time

What the world needs now is love, sweet love  
It's the only thing that there's just too little of  
What the world needs now is love, sweet love  
No, not just for some  
Oh but just for every every every every one

Ooooh All you need is love  
What the world needs now is love, sweet love  
What the world needs now is love, sweet love  
No, not just for some  
But for everyone
