I cast away everything I own for this feeling inside of  
me  
Live my life for my home I'll be safe rather than be left  
alone  
Feels like I can't live like I used to so I keep bringing  
new things  
In this to improve the stature of my stance  
At first glance it seems so hard to figure  
Protect my home I hate to but I'm forced to kill  
Two birds with one stone  
So fly away  
Just fly away  
Fo find your place  
While I stay  
I can't stand these claws  
Reaching for my things  
I'll clip your wings  
You sing the same song all the other birds sing  
Pictures and memories take place  
And in due time they wither away  
And all that's left are the feeling that we had  
In reverse  
Stay away while you are here  
My life's not mine  
When you look down from above  
Wishing you could fly with me  
I'm bound by the same things  
I'm not free  
I'm just sticking to the path that belongs to me  
It belongs to me
