With all I'm holding inside,
With all my hopes and desires, and all the dreams that
I've dreamt,
With all I'm hoping to be and all that the world will
bring, and all that fails to compare.

You say you want all of me,
I wouldn't have it any other way.

I've got a saviour, and he's living in me,
I want to know... I want to know you today,
And you're the best thing that has happened to me,
And the world will never take... the world will never take
you away.

With all I'm holding inside,
With all my hopes and desires, and all the dreams that
I've dreamt,
With all I'm hoping to be and all that the world will
bring, and all that fails to compare.

You say you want all of me,
I wouldn't have it any other way.
I've got a saviour, and he's living in me,
I want to know... I want to know you today,
And you're the best thing that has happened to me,
And the world will never take... the world will never take
you away,
I've got a saviour, and he's living in me,
I want to know... I want to know you today,
And you're the best thing that has happened to me,
And the world will never take... the world will never take
you away.

I've got a saviour, and he's living in me, (whoa)
I want to know... I want to know you today,
And you're the best thing that has happened to me,
And the world will never take... the world will never take
you away,
I've got a saviour, and he's living in me, (whoa)
I want to know... I want to know you today,

And you're the best thing that has happened to me,
And the world will never take... the world will never take
you away.

The world will never take you away,
The world will never take you away.
