Tied on a stone, he's born as hero
Died on his feet, he's known forever
Born with a halo of frenzy, you black-browed

Cáin Chulainn, Cáin Chulainn
Mighty Cáin Chulainn, even death you defy
Cáin Chulainn, still he stands where the raven lands
With Emer as his bride

Small and youthful, the son of Lugh and Deichtine
He killed the guard dog, killed the monster of Culann
Yeah, kill the monster of Culann in warp spasm

Cáin Chulainn, snared by love
Mighty Cáin Chulainn, only love makes you weak
You left your wife and fell for fand
Mighty Cáin Chulainn, return to Emer

Drink the cup and wipe away all the memories
You will ride to the dawn
Ride with Láieg, pass the sea
Bring your loyal wife, bring your ever true bride

Cáin Chulainn, Cáin Chulainn
Mighty Cáin Chulainn, even death you defy

Cáin Chulainn
Still he stands where the raven lands
With Emer as his bride
The legend of Cáin Chulainn flies across the land
Like the spear of your fate

Cáin Chulainn
Still he stands where the raven lands
With Emer as his bride
The legend of Cáin Chulainn flies across the land
Like the spear of your fate
