Dark Venus Persephone

[Lyrics by Thomas Karlsson]

[Music by Christofer Johnsson]

Together in underworld, Hades and Persephone  
Daughter of Ceres, a tragic fate  
It fell to your lot the day you ate  
Apples from the Elysian fields

Persephone in (the) underworld

Forever in the underworld, (the) fate of Perssephone

Only the summer will set you free  
But you'll be forced back to your husband  
When you taste the pomegranate juice

Persephone in (the) underworld

Inside the underworld  
Inside the ice and winter snow  
(In the) water of Cyane  
Your girdle float

Underworld Venus Persephone
