What happened to the order and  
Structure of what used to be  
What happened to the nation under  
God's liberty  
What happened to the promised land  
And promise meant to be  
What happened to you what happened to me

Can't you see we've fallen  
From the hand of God that set us free  
Can't you see we're crawlin into  
Self-imposed slavery

All nations unite for the world government  
Revelations alive  
All that's left is to repent  
Think it's good but it don't seem right  
You don't even put up a fight  
What happened to you, what happened to me

Take your whole identity  
Put it all in your hand  
Then you'll be citizen  
Of the land ruled by man  
No longer will you be safe  
To be who you want to be  
Conform or be a threat  
Of the world democracy
