Ginnungagap

[The Black hole]

[In the beginning there was a void, a big gap of darkness, filled with the primal forces of creation. The heat of Muspel and the ice of Nifel made the essence of life come forth from the void. The first living being, The Giant Ymer, was born out of darkness and he is the ancestor of the creatures of the universe. The world was formed from his slaughtered body. Ginnungagap is the black hole from which everything came out and into which everything will return in the end.]

Fall deep into Void  
(in the) black hole of Nothing

[Soprano:]  
Hail, Flow of Vergelmar  
Hail, Flow of Vergelmar  
Hail, Flow of Vergelmar

Hail, Old Void!
