over the night sky  
sail ship of luna!  
taking the spirits  
into the new day

dance moonbeam, be my guide  
through the calm of the night.

lady moon so cold so bright.  
sail with your ship.  
maid luna, steer to the dream.

waters of the mind  
flow across the time  
(and) there sail the moon:  
hera and hecate  
luna and aradia

sail, fantasy  
in the dark and the calm!  
steer ship of moon  
to the land of my dreams.
