The King of Sodom drink again  
Lady Babalons whine  
(One) Hundred and twenty days in the depth if the dead  
sea  
And walk the path of Peccatus  
(And) The Setian Alkhemy  
Rise of Sodom and Gomorrha  
Reveal the Gnosis of Borora  
The Princess Justine  
Sing a song of her sin of pleasure and pain  
And the Virtues in vain  
To the ear that will hear  
And the one without fear  
To the old fallen ones and the forbidden things they all  
have done  
(The) Sun enter the capricorn (and) the star of sin will  
shine  
The King of Sodom drink again  
Lady Babalons whine  
Rise of Sodom and Gomorrha  
Reveal the Gnosis of Borora  
Hear the King of Bera  
Cry out in the land of Canaan  
And the daughters of lot  
Cry for their father and their god.  
("The cry of complaint of Sodom and Gomorrha Yes,  
it's loud and their sins  
are heavy")
