I enter your spheres  
My eyes see yellow  
So give me gold  
I'll be forever in your world

The veil of golden spheres  
Are shining through my eyes  
I would sell the sun  
To catch your luck forever

With a sword of gold  
I'll conquer the world  
My warrior soul  
Are blazing of your dominion

The veil of golden spheres  
Are shining through my eyes  
I would sell the sun  
To catch your luck forever

I enter your spheres  
My eyes see yellow  
So give me gold  
I'll be forever in your world

The veil of golden spheres  
Are shining through my eyes  
I would sell the sun  
To catch your luck forever
