Open up the gates and I'll follow
Let's tread what's supposed to be hollowed
On our journey we're facing our fate
To find the balance of destroy and create

Rise up Dragon and bring me the fire
Bring to life my deepest desires

Rise up Dragon, awake from the cave
Rise up, free me, take off my chains
Lend me your wings and I'll be free

As I ride the Mighty One
As I burn my self with fire
As I fly above the skies
As I drown my self in might
As I ride the Mighty One
As I burn my self with fire
As I fly above the skies
I open up the gates...
