Deep into the wood, in the dark, there's a way  
Follow this path and you'll meet a strange crowd  
In the forest you will meet  
Silhouettes of your dreams  
Dancing on the path you walk  
Things you have frightened  
You now find so sweet  
On the path of darkness  
Your wishes become real  
On the crossroad you will meet  
What your heart desire  
Take a glance upon the shadows  
On you see your face in them  
When you wake up your wish  
You will sleep again

Part II: "Hexentanz"

Follow Via Nocturna and Luna  
Join the dance of Hexentanz  
And meet the Mephisto  
Follow Via Nocturna and Luna

All this fauns and weird companions  
Moonstruck witches and their demons

"Follow the nightway and become one of us"  
So says the celebrants of the Hexentanz  
They gather at Bro-cken, on hills and the seas  
Dancing to the flut of pan until dawn  
They will show you strange words of the night  
land of the moonlight and of dark memories  
Caress the lady who is leading the dance  
Know her name is Lilith - the Queen of the night  
She tell you secrets in the form of an owl  
Open you inner passions and your desire  
"Here in the wilderness we are really free  
To do our true will and to be like the beast  
Some call us barbarians and we are pround of that  
no passion is forbidden, no pleasure or pain  
I can show you a paradise you've call a sin  
We do our true will and call it Arcady"

Via Nocturna, the path of Nahema  
Via Nocturna, will lead you to Lilith and to Pan

In the deepest forest  
In the deepest dark  
You will find the fire  
And this secret path

When you wake up you will believe it was a wonderful  
dream  
And that you never will caress the lady of the night  
again  
But you will at once when enter the Via Nocturna
