Walk all alone on a quest to wake up as the day you
said

Life is only real then, when I am
When I walk on the way of the fourth way
When your journey begins you'll meet the world
You'll see the sleep

Dance a Sufi dance and fall into a trance
Like a dervish you dance
Dance with Yezidis and learn their secret lore
Of the voyage of Gurdjieff

Learn how to live, how to use the octave
Listen to the tale of The Lord of Flies tonight
Nine pointed star, it will shine on your soul
And you'll find your way like a herald of light
Who show the way like Gurdjieff

Dance a Sufi dance and fall into a trance
Like a dervish you dance
Dance with Yezidis and learn their secret lore
Of the voyage of Gurdjieff

Learn how to live, how to use the octave
Listen to the tale of The Lord of Flies tonight
Nine pointed star, it will shine on your soul
And you'll find your way like a herald of light
Who show the way like Gurdjieff

Learn how to live, how to use the octave
On the fourth way, life is only real
Then, when I am, when I walk on the way
On the fourth way, like a herald of light and dark

Is there life on earth? The whorl will set you free
Voyage of Gurdjieff, are we like machines?
No, we can build a soul like black diamond
