Your only here
Your only here, just for a while
And I, shiver like a child
But you're already underground
Oooooohhhh
And for this something that you find
Something that you find, when we unite
And their burning in your eyes
Burning in your eyes, when we unite

And for there's nothing left to fight
Nothing left to fight
When you are down
Oh, nothing left to find
Nothing left to find when you are down
Dooown
And for there's nothing left to fight
Nothing left to fight
When you are down
Oooohhh
Nothing left to fight
Nothing left to ffind when you are down
Dooown.
