I don't mean to tear you apart,  
But I hit a nerve.  
Last night you weren't sleeping.  
I didn't mean to hurt you.

Another time I might have been more open  
With the things that I was feeling,  
But I was never one for sharing.  
Taken out of context was the meaning  
Of our whole relationship,  
And now I must be leaving.

I don't mean to tear you apart,  
But I hit a nerve.  
Last night you weren't sleeping...  
I didn't mean to hurt you.  
The choices that I make  
Are mine to live with.  
I didn't want to argue...  
That's why I never told you.

That's why I never told you  
What I was really up to  
And now we haven't spoken  
Since, you and I, we're broken.

So there you were...  
You closed your eyes...  
You had to know that I was lying.  
I won't be back this time, please,  
Try to understand...  
I don't want to know what you were dreaming...  
Don't want to know what you were seeing...  
Cuz then I'll know what I've been missing.

That's why I never told you  
What I was really up to.  
And now we haven't spoken  
Since, you and I, we're broken.

I don't mean to tear you apart,

But I hit a nerve.  
Last night you weren't sleeping.  
I didn't mean to hurt you.
