I thought I told you not to let all your excuses  
Be the crutch you always lean on  
When are you gonna stand up on your own?  
And as we're walking  
I know that it's a long cold road  
That we all have to walk down  
But I won't let you walk it all alone

So hey boy, where do you think you're going  
With that crazy look in your eyes  
Don't lie to me  
Just promise that you'll tell me everything

I know how hard it is to open up your eyes  
Enough to see that there's a problem  
We're never letting go of what you fear  
Well the time is now  
And what better place is there been here  
To just start all over again  
Don't be afraid to leave your mark  
Don't be afraid

So hey girl, where do you think you'll end up  
With that needle in your arm  
Don't lie to me  
Just promise that you'll tell me everything

So hey boy, where do you think you're going  
With that crazy look in your eyes  
Don't lie to me  
Just promise that you'll tell me everything

When I see what you're becoming  
It makes me sick  
So tell me what am I supposed to do with this  
Choice or my free will

So hey girl, where do you think you'll end up  
With that needle in your arm  
Don't lie to me  
Just promise that you'll tell me everything

So hey boy, where do you think you're going  
With that crazy look in your eyes  
Don't lie to me  
Just promise that you'll tell me everything
