What is happening to me

no one could foresee

I was living on the edge

of catastrophe

thrown off the system

nailed and bare

fish out of water

jumping for air

stranded with no help

outlawed and shunned

luck turned against me

thousand to one

some call it fate

what's my reality

world allied against me

fatal conspiracy

I can't take it, I can't take it

I can't take it no more

Worst case scenario

in the elevator to heaven I'm stuck

on the lowest level run out of luck

a downward spiral
is sucking me in
my plans for the future
a case for the bin
no glimmering hope
brightens my night
at the end of the tunnel
there is no light
some call it fate
what's my reality
world allied against me
fatal conspiracy
