[Tim]

I'm gonna be straight with you  
This is the end of the world  
You either wake up or you don't  
Apocalypse Now

[Chorus]

Apocalypse Now! Apocalypse Now! Apocalypse Now!  
Apocalypse Now! Apocalypse Now! Apocalypse Now!

[TIM]

Air Force Bomber, come with the quickness  
Chemical Warfare, a bucket of Sickness  
Annihilation, written thesis  
Bomb and Leashes, Shrapnel pieces  
Political Dynasty, vigorous lies  
Multi-dead, on the rise  
Realize - the Demise  
It's all over, No surprise

[Chorus]

[Rob]

Chilling with pipe bombs, and fun in the sun  
Ain't no saving private Ryan but I've taken his guns  
Cause there's a war outside and it's far from being  
done  
I only speak for myself I know I'm not the only one  
Fuckers got us with the planes set us back on 911  
Famils indure the pain got a twisted view of heaven  
Need a rabbi or a Reverand I just follow the ghost  
I keep an extra 4 pounds right up under my coat

[Chorus]

[Tim]

Cruise missiles are Soaring  
Helicopters are Whirling  
Crusty cops are Firing  
Bomb shelters are Siren  
Soldiers are Crawling

Politicians stalling  
Insurgens pawling  
Casualties are Rising

[Rob]

Life is a nightmare, I dream it all day  
Nothing as a promise, no, I won't hold I breath  
Still talking to death, still choking the rest  
Don't know when no one can be trusted only once for  
the left  
Stepping out I'm in the dark. You wanna keep me in the  
cold  
Ripping out ain't that your heart I'm-a causing to  
explode  
Cause you're screwin' money, law, mother fucker '95  
You don't know me keep on moving, I'm just trying to  
stay alive

[Chorus]
