[Chorus]

Madness! Madness!

This is pure madness that we're talking about

Pure madness all the time now

This is pure madness that we're talking about

And I can't believe they wanna do it again

[Rob]

We gonna have to get em up

They gonna have to get me off

And you win some you lose some

So take this as loss

And cause a mother fuck smiles

Don't mean that mother fuckers soft

I'm laughing all the while

While they come to hall you off

I got the powers got my powder

Cops is casing the scene

That's how it goes something in me steady chasing the green

Its strictly cash only basis, but you're digging in your chest

Let's fuck em out everybody where it's mutual respect

[Chorus]

[Rob]

Skinhead rob fuck a bitch

No I never gave a shit

Good or bad present, past

No I never save a bitch

Suck I dick I need a down bitch one that ain't too flossy

One that's down to hold my work and bust the heat to get em' off me

She's the baddest, I mean baddest bitch that's up in the club

Same one that's in the parking lot reloading the snug

That's the one who get my love

And you can't call it what you want

Or if that bitch is down to ride

That's the bitch that im'ma fuck

[Chorus]

[Rob]

I'm from the west coast, best coast  
Pump in the trench coat  
Nothing like columbine everybody gets smoked  
Heard that I got smoked naw alls I gots smokes  
Best mary jane right down to the rock coke  
You're being jipped, so take em to the river  
Had to drop a tall can, I was fucking up my liver  
Yet still I deliver like the first of 15  
And I still make you quiver like your first 16th

[Chorus]
