Hush darling
And let's keep this strictly obsessional
My choice of words have got you quivering
And your legs are in the hands of a professional

Say something
Where are you hiding with that boyish charm?
Your lack of words has got me quivering
As I tighten the grip on your arm.

Say something
But nobody move

Chorus:
You could be anyone at all
(And I'll make you anything I want)
You could be anything at all
(Tell me I'm everything you want)

Cutie pie, What were you saying?
I was touching up my eyes
What's that you say about the pace at which we're
moving?
And how it doesn't suit your stride

Tell me, love
What do you think about the color in my hair?
I thought I'd compliment the hatred in your eyes
Now we're a jaw dropping affair

Chorus

Tell me everything
And I'll tell you anything I want

I'll put it there and you'll leave it alone, Nobody move,
Nobody move x2

Chorus

I'll put it there and you'll leave it alone, Nobody move,

Nobody move x2

Say something
