Sometimes when I hear the rain  
Like teardrops on my window pane  
Crying because you can't be here  
Voices screaming through the tears  
I call out your name  
I call out your name - yes I do

Sometimes in my lonely room  
I gaze at stars and Mr. moon  
Again I play this waiting game  
The wind outside is whispering  
I call out your name  
I call out your name - yes I do

The seasons come and they fade away  
And I am here waiting for the day  
You're running to me  
You're running to me  
I want you - yes I do

Just another night to go my love  
And I'll be no my way to you  
Laughing like I used to do

'Cause I've been fighting back the tears  
'Cause I've been fighting back the tears  
For some times  
'Cause I've been fighting back the tears  
'Cause I've been fighting, fighting,  
Fighting back the tears  
Whispers on the telephone  
Only make me want you more  
And when the call comes to an end  
Suddenly I must confess  
You're the very best

Everything I ever dreamed was you  
I can't believe it's true  
Just another night to go on my own  
And I'll be on my way to you  
Laughing like I used to do

'Cause I've been fighting back the tears  
'Cause I've been fighting back the tears  
For some times  
'Cause I've been fighting back the tears  
'Cause I've been fighting back the tears  
And I can't fight no more

Sometimes when I'm on the road  
Wish that I could turn and go  
Back to where it all began  
Just a lady and her man - loving again  
Loving again, and again

Just another night to go my love  
And I'll be no my way to you  
Laughing like I used to do

'Cause I've been fighting back the tears  
'Cause I've been fighting back the tears  
For some times  
'Cause I've been fighting back the tears  
'Cause I've been fighting, fighting  
Fighting back the tears  
And I can't fight no more
