High, high love  
Let 'em high

I need a little old sign  
Tell me is it true  
I need to know, I need to know,  
Just what I'm gonna do

You tell me right now  
I gotta do it somehow  
I gotta try, I gotta try,  
Get a message on through

You say it makes no difference  
'Cause you won't believe  
This pleasure cruise has lost it's spell  
And changed it's course  
Headed down a rocky road

So just look in the mirror - who do you see?  
Look in the mirror - as plain as day to me  
Look in the mirror - and you'll agree  
Look in the mirror - only you got the key  
I gotta little deal, the real real deal  
I gotta deal, gotta deal, a deal that you can't refuse  
Only time will tell, it'll really tell  
It's a time, it's a time,  
If you're gonna win or lose

To me it makes no difference  
If you don't believe  
This pleasure cruise has lost it's spell  
And changed it's course  
Headed down a rocky road

So just look in the mirror - who do you see?  
Look in the mirror - as plain as day to me  
Look in the mirror - and you'll agree  
Just look in the mirror - only you got the key

So just look in the mirror - who do you see?

Look in the mirror - as plain as day to me  
Look in the mirror - and you'll agree  
Just look in the mirror - only you got the key

Just look in the mirror - who do you see?  
Look in the mirror - as plain as day to me  
Look in the mirror
