Uh, I'm hot I'm hot
Uh, I'm hot I'm hot

You think that I'm a flirt
The way I work it
Tight jeans and mini-skirts
Hair and make-up perfect
You follow me around, like paparazzi
You're like a puppy dog
The way you always howl at me

I just like to lick my lips (ahh)
Turn my head and blow a kiss (ohh yeah)
I know that you're curious (you're curious)
Is she cool or just a b*tch (what what)

Don't you think I'm hot hot
I'm not afraid to show it
What you want I got got
Yeah boy I know you know it
All my girlies on the block
We make the traffic stop
I know what I got got
Don't you think I'm hot (hot hot)
Don't you think I'm hot (hot hot)

You call me on my cell (what)
Like you're some player (haha)
I got one word for you,
that word is later (yeah)
I know what you want (ohh yeah)
you boys are all alike
You think 'cuz I'm a girl
I'm automatically your type

Every single fantasy (uh hu)
[Lyrics found at]
From magazines to MTV (ohh yeah)
That's what you want me to be (uh uh uh)
I know you like what you see (you like that)

Don't you think I'm hot hot
I'm not afraid to show it
What you want I got got
Yeah boy I know you know it
All my girlies on the block
We make the traffic stop
I know what I got got
Don't you think I'm hot
(just watchin me watch it work it)
Don't you think I'm hot
(just watchin me watch it work it)

Work it Work it
Just watchin me work it work it
Work it runway style
uh uh hu uh hu (chuckle)

Give a shout out to my crowd (what, oh yeah)
Every female out and proud (we're proud)
We know that we rule the world
So much fun to be a girl (uhh uhh)

Don't you think I'm hot hot
I'm not afraid to show it
What you want I got got
Yeah boy I know you know it
All my girlies on the block
We make the traffic stop
I know what I got got
Don't you think I'm hot
Don't you think I'm hot

Don't you think I'm hot hot
I'm not afraid to show it
What you want I got got
Yeah boy I know you know it
All my girlies on the block
We make the traffic stop
I know what I got got
Don't you think I'm hot (hot hot)
Don't you think I'm hot (hot hot)
