I really don't like your point of view  
I know you'll never change  
Stinging me with your attitude  
I've got the mind to walk away

I really don't like your arrogance  
Or your policies  
You're ninety-nine percent an embarrassment  
Of just wrong qualities

I don't mind it when you (whistles)  
Brings out the best in me when you (whistles)  
Show your expertise  
When the night always ends with a fight I'm excited  
That you are the best in me

I like it when you (whistles)  
Can I have some please of that (whistles)  
Satisfy my needs  
Sometimes I fake that I hate you and make up  
So you are the best in me

I really don't like your skinny jeans  
So take them off for me  
Show me what you've got underneath  
So we can do this properly

I really don't like the way you smile  
When you think you're right  
But I will forgive you, the yoke is in the middle  
And we're chewing through the wire

I don't mind it when you (whistles)  
Brings out the best in me when you (whistles)  
Show your expertise  
When the night always ends with a fight I'm excited  
That you are the best in me

I like it when you (whistles)  
Can I have some please of that (whistles)  
Satisfy my needs

Sometimes I fake that I hate you and make up  
So you are the best in me

I dreamt that you were on a train  
And you were leaving, you were leaving  
Made me think of what I'd miss  
Do you believe it, you believe it

I don't mind it when you (whistles)  
Brings out the best in me when you (whistles)  
Show your expertise  
When the night always ends with a fight I'm excited  
That you are the best in me

I like it when you (whistles)  
Can I have some please of that (whistles)  
Take off your skinny jeans  
Sometimes I fake that I hate you and make up  
So you are the best in me

I dreamed that you were on a train  
And you were leaving, you were leaving
