

## The Walkabouts

### "Gold"

Visit "[Gold](#)" on MotoLyrics.com

see my silly watch  
every second lost, hmm  
lost in a strange arcade  
got drunk on girls night out

If they're the good years, I don't know  
what you call the hard years  
If they're the good times, I don't know  
what you call the hard times

just let me know  
if you can see the gold  
just let me know  
if can you see the gold?

lay these knuckles bare  
strip the varnish back  
did we ever use to kiss?  
did I ever get you off?

If they're the good years, I don't know  
what you call the hard years  
If they're the good times, I don't know  
what you call the hard times

I don't see the gold in this  
I don't see the gold

the good years, I don't know  
can't hang it on a wanderin' star  
can't hide it in a wanderin' heart  
can't blind it with a wanderin' eye

the good years, I don't know  
ah no
