(Well) I dreamed I saw the devil's club
Growin' by the burnin' bush
And I dreamed that all your razor teeth
Grabbed tomorrow by the root
And I dreamed the long arm of the law
Was a one-armed acrobat

Yeah I dreamed
Unholy dreams

And I dreamed that all the sacred cows
Had been trampled under hoof
And I dreamed the moon had finally crashed
And lit fire to your roof
And I dreamed that there were sights unseen
And their visions could be sold

Yeah I dreamed
Unholy dreams

Unholy dreams X2
Last night, I dreamed unholy dreams

And in the mornin' when I woke
And you were gone
(Well) I believed unholy dreams
Yeah I believed
Unholy dreams
Yeah I believed
