I remember when we met, I was young and innocent  
And they told me you were all a girl could need  
So I wrapped my life around you, I felt safe cause I had  
found you  
But security's become my enemy  
You're the only road I've ever known, but it's time to  
move on

Cause the truth is I'm finding that it might not go my  
way  
If I hold this life too tightly, my heart would break  
And it's time to say goodbye to everything I've ever  
known  
But I choose freedom so this is me letting you go

You made promises to me, ones that you could never  
keep  
And I chased them like a fool with no shame  
Well I gave you everything but I still felt incomplete  
From the fortune that you swore that I would make  
And finally I'm breaking free, yeah it's time to move on

Cause the truth is I'm finding that it might not go my  
way  
If I hold this life too tightly, my heart would break  
And it's time to say goodbye to everything I've ever  
known  
But I choose freedom so this is me letting you go  
Oh, this is me letting you go

So don't tell me  
It's easier this way, easier the way  
You don't gotta walk away from this right now  
Don't tell me  
There's nothing you can do, nothing you can say  
Don't you know that you can never leave me now

So don't tell me  
It's easier this way, easier the way  
You don't gotta walk away from this right now  
There's nothing you can do, nothing you can say

Don't you know that you can never leave me now

Cause the truth is I'm finding it might not go my way  
If I hold this life too tightly, my heart would break

Yeah the truth is I'm finding that it might not go my way  
If I hold this life too tightly, my heart would break  
And it's time to say goodbye to everything I've ever  
known  
And I choose freedom so this is me letting you go  
Yeah, this is me letting you go
