I don't where I'm going
I don't know where this road might end
And there's no sign that's showing
Even where I should begin
I don't know where I should begin

Everything inside me is telling me I can't
This feels what I can afford, seems to hold me back
Then You offer me Your hand and this is where it all
begins

I, I am right where I belong
Don't need a place to call my own,
With You I am home
I, I am right where I belong
Don't need a place to call my own,
Cause with You I'm right where I belong

So I won't worry about tomorrow
And I've forgotten yesterday
Today is all we're given
So even when it rains
I will choose to stay
No one will walk away

I, I am right where I belong
Don't need a place to call my own,
With You I am home
I, I am right where I belong
Don't need a place to call my own,
Cause with You I'm right where I belong

When I'm feeling down
Turn me inside out
Help me come around
Again to where

I, I am right where I belong
Don't need a place to call my own,
With You I am home
I, I am right where I belong

Don't need a place to call my own,
Cause with You I'm right where I belong
With You I'm right where I belong
With You I'm right where I belong
I belong (I'm right where I belong)
With You I'm right where I belong
