Went to the city with all these lights  
With the people to fall in love with or dislike  
And music is like a pouring rain  
I made my decision : I wanna stay.  
Made songs, taped'em on my machine  
Sent cassettes to a record company  
(They Said) "You know you're here to entertain?  
You look good girl but I can hear no refrain"  
Swing and sway, be colorful and sweet  
Or you just waste my time.  
Pick a word and sing it constantly,  
About a million times.  
If your voice was clear and not so keen  
Hey, we could change your style!  
This is just another industry"  
Well, I swept floors, I made hotel beds,  
While I kept my songs like in a warehouse, in my head  
"Bitter?"  
No I just love to complain.  
And I made my decision, here's the refrain :  
"Swing and sway, be colorful and sweet  
Or you just waste my time.  
Pick a word and sing it constantly,  
About a million times.  
If your voice was clear and not so keen  
Hey, we could change your style!  
This is just another industry"  
  
"Disappointed?"  
"No, I just like to complain"  
'Cause I don't wanna do this, I cannot take it  
I put on my shoes now and walk away.  
I don't wanna do it, it's just a waste of time  
And I don't like your rules.  
I don't wanna do this, I cannot take it  
I put on my shoes now and run away.  
I don't wanna hear your lies and promises or your  
"useful" advice  
  
"Swing and sway, be colorful and sweet  
Or you just waste my time.

Pick a word and sing it constantly,  
About a million times.  
If your voice was clear and not so keen  
Hey, we could change your style!  
This is just another industry"
