If I had the chance  
Love, I would not hesitate  
To tell you all the things I never said before  
Don't tell me it's too late

'Cause I've relied on my illusions  
To keep me warm at night  
But I denied in my capacity to love  
I am willing to give up this fight

I've been up all night drinking  
To drown my sorrow down  
Nothing seems to help me since you went away  
I'm so tired of this town

Where every tongue is wagging  
When every back is turned  
They're telling secrets that should never be revealed  
There's nothing to be gained from this but disaster

Here's a good one  
Did you hear about my friend?  
He's embarrassed to be seen now  
Because we, oh no, be seen

If I had the chance  
Love, you know I would not hesitate  
To tell you all the things I never said before  
Don't tell me it's too late

'Cause I've relied on my illusions  
To keep me warm at night  
But I denied in my capacity to love  
I am willing to give up this fight

Oh, I am willing to give up this fight
