Let me make it clear
I don't care for religion
But you're still my brother
No matter your decision
A blonde haired, blue eyed God is overrated
Hear me now
I'm not attracted to the picture that you've painted

And though I'm young and I have much to learn
But faith without reason makes me concerned
Believing in one God, I'm gonna stand firm

For your own benefit yes you work to deceive
So I'm a put your foolishness under my feet
Be aware of the games of society

So let me make it clear
I don't care for religion
But you're still my brother
No matter your decision
A blonde haired, blue eyed God is overrated
I'm not attracted to the picture that you've painted
Listen now, hear me now

And though I'm young and I have much to learn
But faith without reason makes me concerned
Believing in one God, I'm gonna stand firm

For your own benefit yes you work to deceive
So I'm a put your foolishness under my feet
Be aware of the games of society

So let me make it clear
I don't care for religion
But you're still my brother
No matter your decision
A blonde haired, blue eyed God is overrated, yes
I'm not attracted to the picture that you've painted

So let me make it clear
I don't care for religion

But you're still my brother
No matter your decision
