Strange days have found us
Strange days have tracked us down
They're going to destroy
Our casual joys
We shall go on playing
Or find a new town

Yeah

Strange eyes fill strange rooms
Voices will signal their tired end
The hostess is grinning
Her guests sleep from sinning
Hear me talk of sin
And you know this is it

Yeah

Strange days have found us
And through their strange hours
We linger alone
Bodies confused, memories misused
As we run from the day
To a strange night of stone
