this is the sound of your brain it smells like rotten elvis  
this is the sound of your brain this rollin' record sounds  
helpless  
this is the sound of your brain you're looking like a  
rapeman  
this is the sound of your brain I'll come to kill your ideal

system overload... systems overload

hear the sound of my brain you are a yesterdays loser  
hear the sound of my brain I see a fucking seducer  
hear the sound of my brain or ask your yellowed  
jukebox  
hear the sound of my brain with oldest records from  
rock-hogs

system overload... systems overload
