If I could breathe the air around you,
Every obstacle would slowly fade away.
Cause whenever I need to write the words,
I can't without you.
Can you spare me just one breath of air today?

Because I only need one
One, one
Only need one
Cause it's all I need

Because I only need one
Just a breath of air
One
Baby can you spare one?
Cause it's all I need
Because I only need one.

Because I only need one
Just a breath of air
One
Baby can you spare one?
Cause it's all I need

If I could breathe the air around you
Every obstacle would slowly fade away.
Cause whenever I need to write the words I can't
without you.
Can you spare me just one breath of air today?

Because I only need
One, one, one, one...
Cause it's all I need.
Because I only need one
Just a breath of air
One
Baby can you spare one?
Cause it's all I need
Because I only need one.

Because I only need one

Just a breath of air
One
Baby can you spare one?
Cause it's all I need
Because I only need one.
