[Chorus]

Step into the mind of the mystical 1  
da futuristic lyricist kills the white plan  
beat down the prejudice take back the land  
burn down the white house raise the black hand

[Verse One]

You under estimate K cuz you feel certain  
now you hurting for going head up with the steel  
curtain  
flirting wit death  
run your game I'll kill it  
couldn't burn me if we battled on a stove in a fucking  
skillet  
pass the broom I'll act as a janitor  
sweeping remains from Southpark to Canada  
weigh 'em up  
grab the Black Book and sley 'em up  
fastbreak bounce pass his ass and lay 'em up  
hard as steel mc's prepare for the hollow kill  
then place my face on a 400 dollar bill  
mc's bug me  
they mentally drug me  
as a child all I needed was somebody 2 hug me  
first I'll meditate  
then release a karate shout  
mentally lock doors  
nobody in nobody out  
back in school I was known as a creeper  
graduated with the shadow of death and the grim  
reaper  
suckers never wake up  
they try to kiss and make up  
but I don't shake up  
I'll take my fist and break up  
and then crack is all that's left 4 me 2 do  
You came to get this ass whooping that was so sweet of  
U  
beat a crew 2 death take you deep in the tunnel and  
buck  
if you were smart you would make like Donald and

duck  
cuz if you don't I'ma leave you sharper than peward  
i'm like a killa leopard mixed wit a german shepherd  
silent torture but still the unknown here it  
I had a seance and summoned my own spirit  
K-Rino the mercenary millotical wiz  
You got 1 second 2 pass a 3 hour quiz  
a) is guns b) is gas c) is knife drilling  
pick a death cuz it's a multiple choice killing  
with my thoughts K-Rino can deliver a nation  
inside my brain lives a whole nother civilization

(step into the man) 4x's

[Chorus]

[Verse Two]

When war time starts I'll go where the guns go  
death left ya family mourning like Alonzo  
no hope to pass when the scholar is testing you  
all hail the mercenary mystical messenger  
some doubt the skill knowing danger lies other hope  
da ass whoopings in the mail sealed in an envelope  
died in the past but ressurected in '70  
from earth clouds to space now i'm mentally heavenly  
I speak in this illusion though my image decieving you  
You told the world you saw me but nobody's believing  
you  
killed me many times but I'll win if I want you  
i'm 2 spirits deep  
meaning the ghost of my ghost will haunt you  
I think at light speed while some rappers minds are  
slow  
eye 2 eye contact permantly blinds my foe  
no foundation cuz your style is baseless  
lyrical slaps left the competition faceless  
taste this furious style so serious  
that I left, seven klan members on they periods  
still kinectical verses virtually edible incredible  
watch me wreck the country in alphabetical order  
front page has the prejudice nation repenting  
ABC means that Africa's Bombing Clinton  
life is over if I hear your a klan backer  
DEF means Destroy Every Fake ass cracker  
Praise Allah as I grace the Islamic Nation  
GHI means that God Has Inspiration  
when it's war time don't start folding up  
JKL means Just Keep Loading up  
dissing me is a foolish I wouldn't condone it  
MNO means 2 Master the Next Opponent  
watch the media mutilate all of our leaders

PQR means Prejudice Question Readers  
God is wind snow rain and the thunder maker  
STU means that Satan's The Undertaker  
thoughts of pain give the planet a quick decision  
VWX Visualize World X-ray vision  
YZ means You'll Zoom til your mind rattles  
last trick 2 diss died 2 years b4 the battle  
heat'll freeze in my click while cold will scorch you  
battling me is like ten thousand years of torture

[Chorus] - 2X

(step into the man) 7x's
