Take a good look around you
And I'm sure that you are bound to
Think that all you have comes down to
You and what you've done

And if you look far beyond this
There's a life I hope you don't miss
What has kept you from moving on
Is learning to let go

And there's so much more
Than what you're looking for

Caught up in yourself
Call it like it is
Well, you're so good
But you'll never be good enough

You think if you surrender
It's the end but just remember
Life is more than dying embers
Burning in your soul

And I know it's true
'Cause I am just like you

Caught up in yourself
Call it like it is
Well, you're so good
But you'll never be good enough

Caught up in yourself
Call it like it is
Well, you're so good
But you'll never be good enough

Thank God for mercy
Thank God for His grace
Thank God for everything you've got
Before it's too late, oh yeah

And there's so much more

Than what you're looking for

Caught up in yourself
Call it like it is
Well, you're so good
But you'll never be good enough

Caught up in yourself
Call it like it is
Well, you're so good
But you'll never be good enough

Thank God for mercy
Thank God for His grace
Thank God for everything you've got
Before it's too late

Thank God for mercy
Thank God for His grace
Thank God for everything you've got
Before it's too late, before it's too late

Oh yeah, caught up in yourself, oh
