I'm looking around here for some kind of miracle
I'm looking around here for some kind of sign
I gotta believe there's a rhyme and a reason
For the faith that you find

I gotta admit that there's something I see in you
I know it is something deep inside
But nevertheless, still I can't help but wonder
Would you really even care if I ever said goodbye?
Well, goodbye

Well, you've got love and I've got time
Won't you make a move before I change my mind,
yeah?
And I want to believe it's true, I'm listening close
Won't you make your move now?

I know that there's more to life than I've ever known
I feel it down deep inside my heart
And I am here now to find what you're believing
And to know who you are

And if you care to share a minute of your time with me
Tell me now because I am hoping that I can believe
Give me a reason to trust what you're telling me
Lord knows I need it now, won't you show me how?

Well, you've got love and I've got time
Won't you make a move before I change my mind,
yeah?
And I want to believe it's true, I'm listening close
Won't you make your move now? Make your move now

I'm looking around here for some kind of miracle
I'm looking around here for some kind of sign
I gotta believe there's a rhyme and a reason
For the faith that you find

Well, you've got love and I've got time
Won't you make a move before I change my mind now?

And I'll give you a chance to say

Everything you want before I walk away
Well, I want to believe it's true, I'm listening close
Won't you make your move? Yeah

Make your move now
Won't you make your move?
Go ahead and make your move now
