(Verse 1-San Quinn)

Bust like a AK everybody make way  
Doin' this the ya way down to a lay way  
No cake, on a chase, on a case, anyplace  
Still here many rates one shot all it takes  
Ballin with the tapes, thought it was a case  
Let's investigate, how can one crew carry all this weight  
Stop, drop, get mopped, pop they all watch  
We shut down shop, hardcore and hot  
We were warned a lot and still swarm the spot  
We want spotlight if we perform or not  
GL, 2001, even though we only 3 buy a house for my  
son

(Verse 2-JT The Bigga Figga)

Welcome to the West Coast show we got flow  
For the dough we're willing to store  
You wanna flow didn't know  
Seen as down for the pounds they boastin  
Three wheel motion we coastin, toastin  
Dime piece with crushed ice  
Project life ain't nice with three strikes  
And the vice, keep you on the run from the streets  
When they kickin in yo mama's house lookin for the  
heat  
Complete, shit ain't sweet we got beef  
On the street, uno deep we on feet  
Straight treat, wonderin why no reply  
Souljah rag cover my eye, we too fly

(Verse 3-Mississippi Mike)

From a small town, Mississippi  
City of lights, seen bitches smoke dope  
Sell they own to pay the rent  
Like a matchbox can spread my wings  
Niggaz be tryin to ball 'till they fall  
But this town is too small  
Gotta relocate them dope spots be hot  
And in my residents be full of dead presidents  
My occupation be gang related  
Try to stay motivated

Addicted to chronic smoke and movin keys no joke  
A time to kill but feel another season to heal  
But I can't tell the system has failed  
Sweeter jail, got me under the spell  
Catchin tail, and dropped in this devil playground  
Don't frown, cuz niggaz from C-Town get down  
Women don't frown, I'm huntin mils  
Still I'm on a paper chase  
Won't stop until I made a million  
I see ya mama pop 'em papa maybe  
Black sheep on my throne, I hold in my groan  
Sometimes I feel like waitin 'till their gone
