Where did I go wrong?  
Tell me what I have done here  
It didn't take too long  
For the sun to disappear  
Now it's gone and I'm alone, yeah

This song was meant for you  
It had a happy ending  
But you had to change your mind  
And I don't know what happened

Thought that you would never leave  
Is a song forever  
Life for you will surely change  
Maybe for the better

None of this turned out  
Quite the way I had planned it  
But I know that in the end  
It will work out for the best  
Still you're gone and I'm alone, yeah, yeah, yeah

This song was meant for you  
It had a happy ending  
But you had to change your mind  
I don't know what happened

Thought that you would never leave  
Is a song forever  
Life for you will surely change  
Maybe for the better

You never know what the future holds for you  
But of all I have heard this one thing's true  
Nothing can separate us from God's love

In our lives there is abound to come some pain  
Surely as there are storms and falling rain  
Just believe that the one who holds the storms  
Will bring the sun

This song was meant for you

It had a happy ending  
But you had to change your mind  
I don't know what happened

I thought that you would never leave  
Is a song forever  
Life for you will surely change  
Maybe for the better  
Oh yeah, oh yeah, oh yeah
