Sin and shame, guilt and pain
Pride and your conceit
Here and now lay them down
At the Savior's feet

What have you got to lose?
What have you got to lose?
And tell me why you're so afraid
What have you got to lose?
What have you got to lose?
Think of all you have to gain

Hopes and dreams, and all the things
That you have ever made
It don't mean much if in the end
You have lost your way

What have you got to lose?
What have you got to lose?
And tell me why you're so afraid
What have you got to lose?
What have you got to lose?
Think of all you have to gain

Let go of all you know
Only then can life be found
Surrender all you hold
Lay it down, lay it down, lay it down

What have you got to lose?
What have you got to lose?
And tell me why you're so afraid
What have you got to lose?
What have you got to lose?
Think of all you have to gain

What have you got to lose?
What have you got to lose?
Lay it down now, lay it down
What have you got to lose?
What have you got to lose?
Think of all you have to gain
