"When the rain comes"

Visit "[When the rain comes](#)" on MotoLyrics.com

When the rain comes you think that everyone has gone
away

When the night falls you wonder if you shouldn't find
someplace

To run and hide

Escape the pain

But hiding's such a lonely thing to do

I can't stop the rain from falling down on you again

I can't stop the rain, but i will hold you till it goes away

When the rain comes you blame it on the things that
you have done

When the storm fades you know the rain has fall'n on
everyone

So rest a while

It will be alright

No one loves you like i do

I can't stop the rain from falling down on you again

I can't stop the rain, but i will hold you,

I can't stop the rain from falling down on you again

I can't stop the rain, but i will hold you till it goes away
