Ready?  
Yeah

Though the treasures of this life may fade  
Your love endures, forever  
They will pass away, things that man has made  
But your love endures forever

No, I can't explain or even understand  
Why you gave your life to save sinful man  
But I know it's true, I've seen it myself  
Yes, your love endures forever

Though the seasons change with the passing time  
And your love endures forever  
And the sun will fade if just for the night  
Still your love endures forever

No, I can't explain or even understand  
Why you gave your life to save sinful man  
But I know it's true, I've seen it myself  
Yes, your love endures forever

Though our pains and joys will come and go  
Your love endures forever  
Even in my fears, I will always know  
That your love endures  
Yes, your love endures forever, no, oh, no no  
Oh forever, oh no no
