We must be strong
For I know we must win
We must unite, unite
Save the children of the world

Cause we don't want no more war
We don't want no more hate
Make this world a better place
For the children in the world

(Chorus)
Light their future
Show respect
Let them know
War is not the answer

Come together, in one voice

No more war
No more hate
Make that change
Save little children

The time has come
For us all
To take a look at the world

The vision is strong, so strong
I see a better place
For the children of the world

(Repeat chorus)

(Rap)
Love leader one
Says on the floor
Antenna to the sky
Let the energy pour

The forcefeild sound's gonna break the bomb
Just believe where you're coming from

Cause they are forces out there making war
Turn and ask what are you fighting for
O they will try to hypnotize
Shock wave! Open up their eyes
The question we all have to face
Who's gonna save the human race

(Crowd)

Who's gonna save the human race
Who's gonna save the human race
Who's gonna save the human race

But sing, feel it
There's a light
Saying time for us all to unite
Calling in the day, calling in the night
Time for us all to unite
The brothers on the left
The brothers on the right
The sisters on the left
The sisters on the right
Time for us all to unite
Time for us all to unite
Time for us all to unite
Time for us all to unite

Great power of love gonna set things straight
Forget the war
Forget the hate
Bring love here now
Like never before
Cause the army of love
Always got one more

So get up
Stand up
Wake up

(Crowd)

For the children of the world

(Rap)

No more war, no more hate (repeat)
