

Third World "How Can You"

My mind is in a spin
Don't know where I've been
This world keeps going round
There's no love to be found

How can you?
How can you?
How can you?
How can you?

Sit there and let the children cry

How can you?
How can you?
How can you?
How can you?

Sit there and let good people die

How can you?
How can you?
How can you?
How can you?

My mind is so confused
There's no cure for my blues
I, ya, I have been used
Like a carpenter uses a tool

How can you?
How can you?
How can you?
How can you?

Sit there and let the children cry

How can you?
How can you?
How can you?
How can you?

Sit there and let good people die

Never in this world my dear
I, so much war and fear
Love is gonna come our way
And soon, oh yes
