You took my loving
And all I was giving
Found out I was wasting time

You found it funny
So you told everybody
To you everything is fine

When you gonna start doing
Something for yourself
And stop relying on someone else

I watched and waited
You hesitated
Can't hide the truth behind a smile

(Chorus)

I was very lucky
Ooh I caught it early
Just in the nick of time

When are you gonna start doing
Something for yourself
And stop relying on someone else
Cause you and me
Together, we will be forever
You and me together
Living as one

One to one
Living as one
One to one

Said I was very curious
Ooh I took my love serious
You can't play no tricks on my mind

To love you ain't no magic
Ain't nothing to it
Love has been there all the time

Tell me

(Chorus)
