Shine like a blazing fire, shine like a blazing fire
Ihighziahbhere Yihmohsgahnh, shine like a blazing fire
May the words of I and I mouth and the meditation of
our hearts
Be acceptable in they sight, oh Jah Rastafari

Shine like a blazing fire, shine like a blazing fire
King Alpha and Queen Omega
Beginning and end, Selah

Shine like a blazing fire, shine like a blazing fire
Sing a new song in the morning Jah Jah done you no
wrong
Shine like a blazing fire, shine like a blazing fire
Say, "Zion I awake and sing the rising sun"

Just like the morning sun Lord knows we got to shine,
shine, shine
It's not the love you take, it's the love you give
Got your rightful place in this earth to live

Shine like a blazing fire, shine like a blazing fire
Sing a new song in the morning Jah Jah done you no
wrong
Sing a new song in the morning Jah Jah done you no
wrong
Say, "Zion I awake and sing the rising sun"

And like the birds fly free, human psychology
And bad mind got to get a blow
Shine like a blazing fire, shine like a blazing fire
Say, "Zion I awake and sing the rising sun"
Zion awake and sing the rising sun

Shine like a blazing fire, shine like a blazing fire
